Pupils Paid To Behave

Hardly a day passes without announcement of some innovation in the educational process. A Philadelphia junior high school comes up with a new wrinkle for inducing its youngsters to behave themselves.

The school is giving trading stamps for good behavior. The stickers can be traded for such prizes as leather belts, wallets, photo albums, stuffed animals and harmonicas. The stamps are also awarded for being good citizens in the neighborhood.

Misconduct seems to have become a major problem in the schools all over the country. This trading stamp pilot project in the City of Brotherly Love will therefore be watched with interest. The participating principal says it will be continued next year if it proves successful.

Incidentally, those leather belts are the kind to be worn, not the kind that used to hang behind the principal's office door.—Greenville (S.C.) News

For The Upperdog

A college president, Dr. Miller Upton of Beloit, stood up the other day and said he is tired of overreaction to the needs of the underdog. He is for the uppperdog.

"I'm for the achiever—the one who sets out to do something and does it," he said, "the one who recognizes the problems and opportunities at hand and endeavors to deal with them; the one who is successful in his immediate task because he is not worrying about someone else's failings; the one who doesn't consider it 'square' to be constantly looking for more to do. We will never create a good society, much less a great one, until individual excellence and achievement are not only respected but encouraged. That is why I am for the uppperdog—the achiever, the succeder."

He speaks the sentiment of a great many people.—Tuscaloosa (Ala.) News

Western Days in Public Schools Here

Wednesday and Thursday have been proclaimed Western Days at Hope schools in cooperation with the Future Farmers of America and to precede FFA Rodeo activities of April 22-24.

Thursday, at Brookwood, Paisley, Guernsey, and Hopewell, western outfits will be judged by Rodeo Queen Sandra Stevenson, FFA President Parker Powell, Vice-President Calvin Willis, Adviser Troy Buck and Guidance Counselor Earl Downs.

Friday, they will ride to Garland, Beryl Henry, and Yerger Junior High Schools. Hope High School teachers and students will judge on-campus competition Friday.

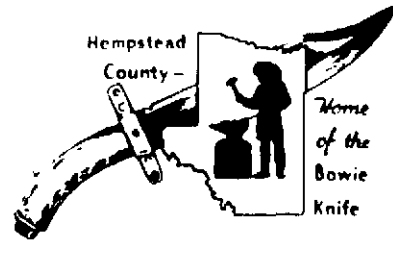

Elementary school winners will receive free tickets to the Rodeo. Junior high prizes are \$5 for first place, \$3 for second. At high school \$10 will be given the best dressed cowboy or cowgirl and \$5 to the second best dressed. Tickets for the 12th annual FFA Rodeo can be purchased from the club members at 50 cents per student and \$1 per adult.

Will Install New President

HOT SPRINGS, Ark. (AP)—Dr. Stanley Applegate of Springdale will be installed as president of the Arkansas Medical Society at the group's annual meeting here Sunday through Wednesday.

A native of Fort Smith, Applegate is a 1945 graduate of the University of Arkansas School of Medicine.

Advancing Allies Find No Enemy

SAIGON (AP) — U.S. and South Vietnamese infantry battalions have finally moved into the A Shau valley but no significant contact with the enemy was reported today.

Associated Press Correspondent J.T. Wolkerstorfer reported from Lavang, the forward command post for the operation, that at least one battalion of about 400 men were at Laos. The valley is an enemy infiltration corridor and supply transshipment point into the northern quarter of South Vietnam.

Although no action was reported in the valley, the U.S. Command said American fighter-bombers and helicopter gunships attacked a North Vietnamese column nine miles east of the A Shau on Monday and killed 30 of the enemy.

U.S. B52 bombers ranged over wide areas to attack North Vietnamese supply depots in South Vietnam, Cambodia and Laos. The eight-jet Stratofortresses flew more than 50 strikes Monday and today, dropping 1,500 tons of bombs along the demilitarized zone in the northwestern corner of South Vietnam, north of Highway 9 in the Laotian panhandle and north of Highway 7 in eastern Cambodia. The two highways are key infiltration corridors and supply routes into South Vietnam.

South Vietnamese headquarters reported two clashes in the Mekong delta, one of them in the U Minh forest 145 miles southwest of Saigon. A communiqué said 39 North Vietnamese and Viet Cong were killed in the two clashes, while Saigon losses were one killed and six wounded.

The U.S. Navy announced the impending withdrawal of three Seabee units with a total of 1,700 men, reducing the number of Seabees in South Vietnam to 900.

Feels More Comfortable in Jeans Than Wearing Dress Costing \$3,000

By HAL BOYLE
NEW YORK (AP) — How does it feel to wear a \$3,000 dress?

"I feel more comfortable in blue jeans," said Abbe Lane. "But if the dress gives a show glamor and every woman in the audience would like to wear it, then the money is well spent."

The red-haired international singing and dancing star is something of an expert on the cost of things right now. She spent \$85,000 to ready a new supper club act, a sum for which an off-Broadway drama could be produced.

"It's an investment or a gamble," she said, during a recent unveiling of the act in the Persian Room at the Hotel Plaza. "You never know until

Bodcaw Beta Club Plans Play Friday

The Beta Club of Bodcaw High School will present the play, "If Mother Only Knew", Friday night, April 23, at 7:30 p.m. in the school auditorium.

Featured in the three-act comedy by Donald Payton are Debbie Butler, Sandy Ward, Mona Ward, Judy Daniels, Rhonda Rogers, Phyllis Butler, Samuel McKamie, Kenneth Williams, Susie Davis, Mike Ward, Robert Caudle, and Dwight Williams.

Admission will be \$1.00 for adults and \$.50 for students.

Showers Are Expected in Arkansas

By THE ASSOCIATED PRESS
Showers and thundershowers are expected to end in Arkansas tonight.

The rainfall began in Northwest Arkansas this morning and was expected to spread across the state. The precipitation was associated with a cold front that cut through Eastern Oklahoma.

The Oklahoma frontal system was expected to move eastward across Arkansas today, possibly reaching the central portions of Tennessee and Alabama by Wednesday morning.

Temperatures in Arkansas should be slightly cooler today because of clouds and rain. Lows tonight should be somewhat cooler, dipping into the 40s in many areas.

Says Israel Frustrating Peace Efforts

By THE ASSOCIATED PRESS
Egypt blamed Israel today for frustrating peace efforts in the Middle East and the purpose of the Geneva disarmament conference.

Ambassador Hussein Khalaf told the 25-nation meeting in Geneva it faves "the threat of a possible crisis of credibility ... and will continue to do so as long as it will not come to grips with real issues of disarmament."

"A case in point is the Middle East where Israel insists on perpetuating military occupation of vast territories and proclaims its expansionist intentions in official documents presented to the United Nations ..."

Israel is not represented at the Geneva talks and there was no immediate reaction to the Egyptian ambassador's remarks.

Foreign Minister Mahmoud Riad of Egypt ended five days of talks with Soviet leaders in Moscow on the Middle East crisis and returned to Cairo. Details of the talks were not disclosed, but Riad told the Soviet news agency Tass the situation in the Middle East is "undoubtedly extremely serious."

In Amman, a government spokesman said Palestinian guerrillas fired an hour-long machine-gun barrage at two Jordanian villages from across the Syrian border Monday night, but there were no casualties.

Earlier, he said, Arab guerrillas exploded a land mine under a Jordanian army vehicle in the northern part of the country, wounding four soldiers.

Draft Offices Won't Be Closed After All

LITTLE ROCK (AP) — Col. Willard Hawkins, state Selective Service director, said Monday that a plan to close 53 of the state's 78 draft board offices and transfer their administrative functions to the remaining 25 offices had been canceled.

Hawkins said that Dr. Curtis Tarr, national Selective Service director, had rescinded the reorganization plan because of an amendment to a bill extending the draft that would prohibit reorganization. The bill has been passed by the House and is pending in the Senate.

Draft board offices were to have been consolidated in all 50 states by June 30. The plan was part of an economy move by the Selective Service.

The plan would have provided for the files from the 53 offices to be moved to the other 25. The remaining offices would have been known as "administrative sites."

The number of draft board employees would have been reduced from 99 to 61.

Minimum Wage of \$2 Hour Sought

By EDMOND LEBRETON
Associated Press Writer

WASHINGTON (AP) — Legislation for a quick increase in the minimum wage from \$1.60 to \$2 per hour was introduced today by Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, as another committee opened hearings on a slower raise.

Mills' committee does not handle wage legislation, which is before the House Education and Labor Committee.

He said, however, he made his move to encourage prompt action for a double reason:

—The economy needs the stimulation provided by increased purchasing power.

—The minimum wage directly relates to welfare reform, on which the Ways and Means Committee is working.

An increase in the minimum wage, Mills said, would substantially reduce the cost of the proposed new welfare program, which for the first time would provide benefits for the "working poor"—those fully employed but not earning enough to lift their families above the poverty level.

The principal bill before the Education and Labor Committee, sponsored by Rep. John H. Dent, D-Pa., and Chairman Carl D. Perkins, D-Ky., would increase the minimum hourly wage for non-agricultural workers from the present \$1.60 to \$1.80 next Jan. 1 and \$2 Jan. 1, 1973.

Mills' bill would raise the minimum to \$2 effective Feb. 1, 1972.

A subcommittee headed by Dent opened hearings today on minimum wage legislation, including measures to increase the minimum to as much as \$2.25.

The Labor Department said it does not yet have current figures on how many workers would be affected, but said a survey showed about 8 million were earning less than \$2 an hour as of April 1970.

Hope Student Council Plans Two Projects

In a continuation of community service, the Hope High School Student Council has plans for two upcoming projects.

The projects correlated with the Kiwanis "Council On Drug Education" Program, will be of a different nature and will be held on separate Saturdays.

The first project will be a radiothon on KXAR, Saturday, April 24, beginning at 12:30 p.m.

This radiothon will be local talent, unusual stunts, and generous people will participate. It is hoped that there will be something to entertain every member of the family plus factual and interesting information of the drug problem.

Tommy Holt, Council President, said, "Through this radiothon, we can present the drug education program to the public, and try to lick the drug scene in Hempstead County before it gets out of hand."

All citizens are asked to listen, donate, and have a good time for a very worthy cause.

Joe Fouse and Mike Huckabee are in charge of the radiothon and are working with Reverend Gordon Renshaw, chairman of the Drug Education Program, to make it a huge success.

The student council's other project will be on May first, May Day, and details of this will be revealed during the radiothon.

\$85,782 Grant to AM&N

Upward Bound is a pre-college program for low income students who would not otherwise enroll in college.

Teachers and School Board Agree to An 8 Month Term Next Year

AP News Digest

Hope School Board last night agreed by resolution to a proposal by district teachers to have eight month contracts for the 1971-72 school year.

There was one significant change stipulated in the Board's resolution. The teachers wanted a 25 per cent increase in total local support and they would work a 9th month free. The board changed the wording to "a significant amount of local support."

Last night's meeting at the School Administration Building downtown was packed with teachers. Board President Bill Tolleson immediately opened the meet with a general discussion.

Here's what developed from the discussion—an eight month term will not lose the accreditation of the district the first year but probably would the second year; it was agreed to keep working for a revision of

Agnew Views China Issue With Concern

WILLIAMSBURG, Va. (AP) — Vice President Spiro T. Agnew has expressed concern privately over the American table tennis team's visit to China—and about possible adverse effects U.S. overtures toward Peking might have on the Nationalist government on Taiwan.

Agnew Monday told Republican governors here for a conference he was concerned by overemphasis on the Chinese tour by the 15 American athletes, and about the way their journey was reported in the United States.

"Basically, he was saying some of the things that were praised in China were things that would be criticized here," one GOP governor said.

Agnew also was quoted as expressing doubts about some aspects of current U.S. efforts at improved relations with China during a Sunday night conversation with a small group of Republicans. One man who was there said the vice president emphasized then that the United States still has commitments to the Nationalist government.

At a Monday luncheon, Agnew questioned the emphasis put on the table tennis tour and at the reactions of the U.S. travelers. He noted one of the Americans had described a 15-square-foot room as the apartment of a Chinese family, implying approval when the same quarters in the United States would have been criticized as evidence of poverty.

School Busing Legal, High Court Rules

WASHINGTON (AP) — A unanimous Supreme Court held today federal courts may order busing of public school children as a means of desegregating schools.

"Desegregation plans cannot be limited to the walk-in school," said Chief Justice Warren E. Burger in announcing the most important ruling of the term.

At the same time, the court held fixed racial ratios are not required in all the schools of a community.

As Burger said: "The constitutional command to desegregate schools does not mean that every school in every community must always reflect the racial composition of the school system as a whole."

However, the court ruled valid the use of a white-black ratio system for schools in Charlotte, Mecklenburg County, N.C.

"The very limited use of mathematical ratios was within the equitable remedial discretion of the district court," said the chief justice.

In all respects the court was unanimous as it ruled on school cases from Mobile County, Ala., and Clarke County, Ga., as well as the Charlotte case.

Burger delivered all five opinions, taking command as his predecessor, L.B. Warren, did when the court in 1954 declared segregation of public school students for racial reasons was unconstitutional.

Among the court's findings was that the North Carolina anti-busing law is unconstitutional because it prevents implementation of desegregation plans. The law forbade assignment of students on account of race or for the purpose of creating racial balance. Additionally, it prohibited "involuntary" busing as well as the use of public funds for such busing.

Said Burger: "If a state-imposed limitation on a school authority's discretion operates to inhibit or obstruct vindication of a unitary school system or hampers the disestablishing of a dual school system, it must fall; state policy must give way when it operates to hinder vindication of federal constitutional guarantees."

The courtroom was packed, as usual. Spectators included springtime tourists who listened impassively to Burger's 15-minute announcement of the rulings. All nine members of the court were on the bench. Five of their clerks stood in a side passageway listening intently to the momentous rulings.

Draft Decision Is Reversed

SAN FRANCISCO (AP) — A federal appeals court has reversed the draft conviction of Christian Winslow Hayden, 23-year-old son of actor Sterling Hayden.

The U.S. Circuit Court of Appeals' decision Monday said young Hayden properly had claimed conscientious objector status from the first time he registered in 1966 with his Los Angeles draft board.

Railway Paid Man to Hide Disaster

By H.L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — A confidential 1969 memo from the files of the Penn Central railroad sought a pay raise for a bookkeeper, praising his "imaginative" work which a federal agency indicated helped conceal impending financial disaster.

The memo cited C.S. Hill, then manager of Penn Central's accounting division. He has since risen to controller and is one of the few men still working for the railroad who were in high positions during the plunge toward bankruptcy proceedings.

The Penn Central filed for reorganization under the federal bankruptcy laws June 21, 1970. The railroad has a new top management team under control of five court-appointed trustees.

The memo praising Hill is one of the highlights of a 1,500-page report on Penn Central issued Monday by the Interstate Commerce Commission.

The 12-pound report discloses nothing sensational that has not been reported previously. But its wealth of private memos, notes, letters, reports and meeting minutes provides the most comprehensive picture to date of the Penn Central demise, plus a rare glimpse into the executive suite.

In one exchange of letters, a former director wrote in December 1969 that facts were being withheld from the public. But his plea for complete disclosure was spurned by the chairman of the board.

Main points of the report are that the Penn Central continued to pay huge dividends while its troubles increased; that these troubles were concealed from the public and that contrary to statements by some officials the line's acquisition of nonrailroad properties generated little operating cash.

Chances Good to Rescue Lockheed Jet

By JOHN STOWELL
Associated Press Writer

WASHINGTON (AP) — Prospects of government guaranteed loans and progress reports by interested airlines and bankers have boosted chances of rescuing Lockheed Aircraft's version of the jumbo jet passenger plane.

Financiers and airlines say they have made significant progress in to-secrete talks aimed at continuing development of the aircraft whose fate seemed in doubt after the financial collapse of the company making the engine.

The Treasury Department said Monday it is prepared to propose, subject to President Nixon's approval, a bill in Congress underwriting a multimillion-dollar loan.

Wanted to Get Opinion to President

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Lt. Col. Frank Miller, a veteran of two wars, wanted his opinions about Vietnamization to get back to the President of the United States.

So 43-year-old Frank Miller talked to the press during the North Vietnamese siege of Fire Base 6 earlier this month. He said the Laotian invasion was a failure, and then he flew television cameramen in his helicopter to film napalm being dropped around the besieged base in the central highlands.

The Army said Miller talked out of his field of competence, and relieved him of his command of the 52nd Aviation Battalion supporting South Vietnamese troops at Fire Base 6. He was put in command of Camp Frenzell-Jones, 12 miles northeast of Saigon, a staging area for GIs being sent home.

It's a real comedown for a man who commanded 100 helicopters and has been an aviator for half his 25 years in the service.

Miller is serving his second tour in Vietnam. He received a Purple Heart for action in Korea.

"I'm not bitter," Miller said today. "I've been a soldier too long. I'll retire within a year to central Florida and lie in the sunshine. I've got 10 months to finish this tour and then I'll retire."

"I wanted my words and facts that I put out to get back to the President of the United States who is getting bad recommendations on Vietnamization and how effective it is and the time schedules involved. It is working to some extent but not as rapidly as President Nixon thinks or is being told."

Army Changing Eye Toward Motherhood

WASHINGTON (AP) — With a changing eye toward motherhood, the Army is going to allow its female officers and enlisted women to do what many women do—have children and raise a family.

New regulations, effective in two weeks, will permit WACs and female Army nurses who are married and "who are pregnant, have had terminated pregnancies or who become parents" to stay in the Army.

In the past, this meant automatic discharge. The change is the latest move by the armed services to ease traditional double standards for the sexes.

The Air Force adopted a similar policy in March. The Navy is expected to follow soon. Earlier this year, the Army approved recruiting married women.

An Army spokesman said the new policy won't mean "a wholesale opening of the doors" to mothers in uniform. "The mere fact that a woman is married and pregnant and wants to stay on are not the only grounds. She must also meet the other requirements."

According to the regulations, a WAC officer must first have the recommendation of her commanding officer, a statement that the child will not interfere with her work or "result in neglect of the child," and "the proper medical certification and history."

Requests from enlisted women also must include an explanation of "the circumstances involved" in a pregnancy.

If approved, the Army will grant the mother-to-be a leave of absence from the seventh month of pregnancy to the sixth week after birth of the child.

The same procedures apply to married women who want to adopt children or whose pregnancy is aborted, either medically or by miscarriage.

Unmarried women who become pregnant will be discharged as in the past. However, in special cases they will be eligible to remain in the Army should they adopt children or if their pregnancy is terminated. "Each individual case will be handled on its merits," the spokesman said.

Engineers File Suit in Gillham Case

LITTLE ROCK, Ark. (AP)—The U.S. Army Corps of Engineers filed notice Monday in U.S. District Court that Judge G. Thomas Eisele's Feb. 19 order halting construction of the Gillham Dam on the Cossatot River would be appealed to the U.S. 8th Circuit Court of Appeals at St. Louis.

The notice was filed by U.S. Atty. W. H. Dillahunty of Little Rock on behalf of the Engineers. Monday was the last day for the notice to be filed.

Eisele issued the order halting the construction until the Engineers study all known possible environmental consequences of the project.

The appeal will set a precedent on how extensive a study the corps must make under the National Environmental Policy Act of 1969 for a project under way.

The act, which went into effect in January, requires federal agencies to evaluate the impact of public works projects on the environment and to file statements on their findings with the President's Council on Environmental Quality.

The Army Engineers contended that a statement they filed in October and a revision filed in January were sufficient to meet requirements of the act.

Work on the Gillham Dam project began in 1963 and more than \$9 million has been spent on related structures. Work on the dam itself has not begun.

Construction of the dam was challenged in a suit filed last fall by several conservation groups.

The dam site is located northeast of DeQueen.

Vets Shift Protests to Offices

By DON McLEOD
Associated Press Writer

WASHINGTON (AP) — Two thousand battle-dressed Vietnam veterans have temporarily shifted their antiwar protest from the streets of the national capital into the offices of Congress.

Still wearing their jungle camouflage fatigues and other bits and pieces of uniform, the veterans sought meetings with House and Senate members to tell how they turned against the war.

Initial reaction from the legislators was mixed.

"Those who have tended to be liberal on the war tended to us," said one veteran after initial visits Monday. "Those who have been more hawkish were 'out.'"

"Some people didn't like the way we dressed," said another, "but the way we are dressed was largely the way we dressed in 'Nam.'"

The sight of 2,000 uniformed ex-soldiers marching on their government Monday was a new twist for the antiwar demonstrations frequent in Washington over the past few years.

The scene at the west front of the Capitol gave something of the image of a battle zone, with several vets carrying toy copies of the M-16 rifles they lugged in Vietnam.

Traces of Navy blue and Marine olive drab speckled the predominantly Army crowd. There was a flak suit with Air Force wings on the chest, gold wings of a Navy pilot, bars of officers and stripes of sergeants. And berets of varied hue.

Larry has made some records and performed at the Kiwanis Variety Show recently.

The faces were young, but

grimmer than those of the usual student demonstrators.

"Unlike the demonstrators of the past, we know from experience what the war is like," proclaimed the Vietnam Veterans Against the War which is sponsoring the week-long protest.

In addition to congressmen, they are visiting the Veterans Administration to ask more aid for returning servicemen, the Labor Department to seek help in finding jobs, the National Institutes of Health for better care for drug-plagued Vietnam veterans.

The veterans are bivouaced on the Mall before the Capitol. A federal appeals court lifted part of an injunction Monday which had allowed them to stay there Sunday night provided they didn't sleep.

They stirred early Monday and marched to Arlington National Cemetery where a memorial service was conducted by a former chaplain. But the mother and widow of two men killed in the war were not allowed to place wreaths in the cemetery.

Then they marched to the Capitol: young men pacing wheelchairs and others who swung on crutches, hobbled on canes or tapped out the way ahead with the long, white sticks of the blind.

They plan to march again Friday and return their war medals to the government.

Castro Sees Reconciliation With U.S.

By ISAAC M. FLORES
Associated Press Writer
MIAMI (AP) — Premier Fidel Castro declares there will be Cuban reconciliation with the United States or the Organization of American States and says his regime will continue to support revolutionary movements throughout Latin America.

The Communist leader ridiculed President Nixon in a Havana speech Monday night.

"Those damn Yankees have no reason to dream of normalization of relations or any negotiations with Cuba because these days the demagoguery of Nixon surpasses all limits," Castro declared in a ceremony commemorating the 10th anniversary of the victory over exile invaders at the Bay of Pigs.

The speech was transmitted throughout the island by radio and television and monitored in Miami.

Mr. and Mrs. A.J. Rhodes and family invite you to a series of gospel meetings this week at Hope Church of Christ at 7:30 p.m. Bro. Carl Maples of Kingston, Jamaica is the guest preacher.

Do you have a birthday in April? If so, you have been recognized as energetic, enthusiastic, positive, and enterprising. Historical achievements bear out this appraisal. Ponce de Leon approached his Fountain of Youth April, 1513. Paul Revere began his historic ride on April 18, 1775. Mutiny broke out on the Bounty April, 1789. . . . Romulus founded Rome and . . . Robert E. Peary reached the North Pole . . . all in the month of April of some year.

We at Raley's think April is a great month, too. It is the beginning of Spring and, as anybody knows, that means off with the tired winter wardrobe and on with something new! And that is what we have plenty of . . . for instance . . .

The Bobbie Brooks sportswear is here. Shorts of several lengths (call them hotpants, if you like), pant-skirts, slacks and tops of many kinds. All made from that fabulous fabric, one hundred percent polyester. Just look for the Bobbie Brooks label. You will find it exclusively in Hope at Raley's Style Shoppe.

Another famous name is Koret of California. The casuals cannot be beat, soft knitted polyester in gay colors, and their famous Koratone fabric in solid, plaid, and stripes.

Baker Homemakers Meet

Mrs. C.R. Middlebrooks entertained the Baker Extension Homemakers Club on Monday, April 12, and she had pretty spirea as decoration in her home. Mrs. Lawrence Easterling, president, opened the meeting with the Thought of the Month, and everyone joined in singing "Pack Up Your Troubles."

The hostess read John 11:25,26 for the devotion, and Mrs. Otis Taylor led the group of 9 members in repeating the Lord's Prayer. Floor covering was the subject of the Lesson, "What's New in Carpeting?" by Mrs. Jim Stroud and of a quiz directed by her. The roll call was answered with "The floor covering I'd like on my floors."

Health Leader Mrs. C.G. Tittle discussed "Heart and Blood Vessel Disease." The Door Prize was won by the president, and all repeated the Club Collect to close the meeting. Dessert and punch were served, and several games were played.

Daffodil Club Meets

Mrs. J. Manuel Hamm gave a most interesting illustrated talk on "Japanese Flower Arrangements" at the Daffodil Garden Club meeting on Thursday, April 15. Mrs. John Gamba and Mrs. Ford Ward were co-hostesses for the meeting held in the Gamba home.

Members received helpful instruction and enjoyed it, according to club president, Mrs. Terrell Martin, who presided over the business meeting. During the social hour, cake and coffee were served to 9 members.

Coming, Going

Miss Gwendolyn Dean, Texarkana, visited friends in Hope Sunday.

Mrs. Corley Tedder, Texarkana, and Mrs. L.L. Middlebrooks, Shreveport, visited Dale Middlebrooks, Webb Laseter and Mary Anita on Sunday.

Mrs. W.A. Hogan, Starkville, Miss., has been visiting Mr. and Mrs. Gus Hogan and family. She was joined Sunday by Mr. and Mrs. K.R. Davis, Jackson, Miss., and all have now returned home.

Mr. and Mrs. Jack Gray and 3 children, Longview, Tex., were here over the weekend to see Mr. and Mrs. B.B. McPherson.

Elder and Mrs. Neal Calley and daughter, Diane, Malvern, and Mrs. Mary Conine, North Little Rock, spent Sunday with the Rev. and Mrs. A.C. Kirby.

HELEN HELP US!

IS GOVERNMENT IN THE BUSINESS?

Dear Helen:

It always amuses me when I read a story about a girl being arrested for "soliciting," and the complete name and address is given. If she gets out on bail (usually the case), you can be sure business improves with that free advertising. —H.

Now I've come across another case of free advertising. The Government's Report on Obscenity and Pornography is in our library. I thumbed through it today and found a list of some fifty of the "most offensive" magazines, names and addresses of the "adult" book stores carrying the wildest stuff, ratings as to which was the worst and why—this on books, magazines, and films—and copious quotes illustrating what's dirty, and what has "redeeming social value."

All an interested person need do is refer to this book and he's on his way to pre-graded pornography! He can even get quite a bit of it in the report.

I realize the commission came

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — Almost anybody can discuss this past season's shows, but a real television fan, like a baseball addict, knows something about the history of his hobby.

Herewith, then, is a TV fan's quiz.

1. Who were Shirley Dinsdale and Judy Splinters?
2. Who were the original four panelists on "What's May Line?"
3. Who played Lt. Tragg in the "Perry Mason" series?
4. Name the actress, later star of a series, who was George and Gracie's neighbor in "The Burns and Allen Show."
5. Who played Danny Thomas' wife in the original "Make Room for Daddy?"
6. Snooky Lanson was: (a)

host of a kiddie show, (b) a character in "The Hustler," (c) a singer on "Your Hit Parade."

7. Name the first hit doctor series and the star of the show.

8. What actor, in a supporting role in a comedy series, has accumulated the largest number of Emmy awards?

9. What costar of the first tongue-in-cheek Western moved into motion pictures and became a top box office star?

10. Identify Steve Allen's three original "Mad men" in his NBC variety hour.

Answers:

1. Shirley, a ventriloquist, and Judy, her dummy, were the winners of the first 1949 Emmy for "most outstanding television personality."
2. Arlene Francis, Bennett Cerf, Dorothy Kilgallen and Hal Block.
3. The late Ray Collins.
4. The late Bea Benadaret, who later starred in "Petticoat Junction."
5. Jean Hagen, who also served once as the mother of a family that owned Lassie.
6. Lanson was a singer on the "Hit Parade," along with Dorothy Collins, Russell Arms and Gisele MacKenzie.
7. "Medic," starring Richard Boone as Dr. Konrad Styner.
8. Art Carney of Jackie Gleason's "The Honeymooners," with five.
9. James Garner, who with Jack Kelley played the "Maverick" brothers.
10. Tom Poston, Don Knotts and Louis Nye. Bill Dana was a writer who made an occasional appearance.

Total possible correct answers: 17. Score one point for every correct answer.

A total score of 10 is excellent and better than that is marvelous.

TIMELY QUOTES

If we had heard that 50,000 people were marching around the headquarters in Hanoi calling for peace, we would think the war was over. And it probably would be.

Ali Blames Prejudice for His Woes

WASHINGTON (AP) — The chief lawyer for Muhammad Ali has told the Supreme Court the government's case against the former heavyweight champ is wrapped in prejudice.

According to Chauncey Eskridge, Solicitor General Erwin N. Griswold's arguments against the fighter's appeal of a draft evasion conviction was filled with bias against both Ali and his black Muslim religion.

Griswold denied the claim as both sides stated their arguments Monday before the Supreme Court.

Eskridge told the high court Ali was opposed to fighting all but holy wars—those declared by Allah.

Ali was not present for the 60-minute session before eight justices. The ninth justice, Thurgood Marshall, disqualified himself apparently because he was U.S. solicitor general when Ali's case was brought before the government.

Eskridge said the key issue was whether the Justice Department misled the Kentucky Selective Service Board of Appeals in a letter saying Ali was not sincere in his Muslim beliefs.

Griswold maintained Ali's objections to serving were based on "political and philosophical" views that don't fall under conscientious objector status.

Ali was heavyweight champion when he was drafted. Refusing induction at a Houston draft center in April 1967, he was convicted and sentenced to five years in jail.

He has been free on \$5,000 bond as the case moved through lengthy appeals.

Unemployed Man Wins Big Boston Meet

By DAVE O'HARA
Associated Press Sports Writer
BOSTON (AP) — Alvaro Mejia, an unemployed metal worker from Colombia via Redwood City, Calif., was the proud owner of a diamond studded solid gold sunburst medal and a laurel wreath today after a dramatic victory in the 75th Boston A.A. Marathon.

The 30-year-old Mejia, who finished 10th in the 10,000-meter run in the 1968 Olympics, registered his greatest triumph by out-kicking favored Irish Pat McMahon Monday in a stirring race to the wire at the end of the 26-mile, 385-yard grind from Hopkinton to Boston.

Mejia, who edged McMahon in the Colombian's first marathon in California earlier this year, and the former Irish Olympian, now a school teacher in nearby Lowell, engaged in one of the hottest duels in BAA history.

They ran abreast virtually all the way, often accidentally bumping elbows and even sharing water-soaked sponges handed one or the other by spectators. Then, with the finish line just around the corner, Mejia,

Giants in Win Over Cardinals

By HERSCHEL NISSENSON
Associated Press Sports Writer
There's a job for Ron Bryant in the San Francisco Giants' starting rotation, but he may become eligible for unemployment compensation waiting for it.

The 23-year-old left-hander took over for ailing Frank Reberger with none out in the first inning Monday and went the rest of the way in a 4-2 triumph over the St. Louis Cardinals. It was the Giants' ninth consecutive victory.

With Juan Marichal and Gaylord Perry slated to pitch tonight and Wednesday and off-days scheduled Thursday and next Monday, it will be late next week before Bryant gets his shot.

Bryant relieved Reberger with two runners on base and Jose Cardenal's double put the Cardinals in front 1-0. But the

turned sprinter and hit the wire about 20 yards ahead of his weary rival.

Mejia was timed in 2 hours, 18 minutes, 45 seconds, just five seconds faster than McMahon.

Mejia said he was laid off from his job five weeks ago, just two weeks after his wife gave birth to a son. His wife is the former Terry Stickell, a U.S. Olympic team diver. They met while she was in the Peace Corps and they plan to return to Colombia. McMahon said he was bothered by blisters and a headwind the field of 887 starters had to buck. The sunny weather was also a little too warm for him.

South Africa's John Halvestadt closed strongly to take third place in 2:22.23. John Vitale of New Haven, Conn., was fourth in 2:22.45, and Byron Lowry of San Francisco fifth in 2:23.20.

The sentimental favorite, Johnny "The Elder" Kelley, 63, of Watertown, appeared in his 40th BAA Marathon, finishing 725th in 3:35.47.

The Bullets Knock Off N.Y. Knicks

By BRUCE LOWITT
Associated Press Sports Writer
NEW YORK (AP) — Milwaukee? said Gene Shue, a weary grin spreading across his face. "I'm not even thinking about the Bucks. I'm too happy!"

The often volatile coach looked as exhausted and elated as his Baltimore Bullets Monday night after they finally gained two seasons worth of revenge against the New York Knicks.

The Bullets, withstanding a four-quarter rally on the court—and game-long pandemonium by the 19,500 fans surrounding it in Madison Square Garden—beat the Knicks 93-91 for the National Basketball Association's Eastern Conference crown.

That sends the Bullets into the best-of-seven championships against the Bucks, who cruised to the Western title by conquering the San Francisco Warriors and Los Angeles Lakers in five games apiece.

The confrontation begins Wednesday night in Milwaukee, nationally televised by ABC—as all the championship games will be—starting at 9 p.m., EST.

In Monday night's only other playoff action, Ray and Charlie Scott tossed in 30 points apiece as the Virginia Squires defeated Kentucky 150-137 to take a 2-1 lead in their best-of-seven American Basketball Association Eastern Division finals. Utah, leading the Western series 2-1, hosts Indiana tonight.

Baltimore was shooting not only for the chance to face Milwaukee—the winningest team in the NBA this season—but for a chance to end frustration that began with the 1968-69 season.

They won the regular-season Eastern title that time only to be knocked out by the third-place Knicks in four straight games in the first round of playoffs.

Then, last year, after losing five of six regular-season games to the Knicks, Baltimore again faced them in the first round—and again the Bullets lost, this time in seven games.

This season the Knicks again dominated, beating the Bullets in four of six games, then taking the first two playoff games in New York.

Baltimore finally woke up at home however, and smothered the Knicks twice to even the series. Each team then won its next home game to set up the finale.

The Knicks had held leads of 21-19 after one period and 47-43 after two. But a foul shot and two field goals put the Bullets in front in the opening minutes of the third quarter and they pulled away to a seven-point lead—the biggest by either team—in its closing seconds.

New York slowly battled back and finally went in front 88-87 with 2:44 to go on a lay-in by Dick Barnett, New York's top scorer with 26 points.

But Monroe, who topped Baltimore with 26, got the Bullets back on top with a 15-foot jumper just 10 seconds later and they stayed there the rest of the way.

Fred Carter's 19-footer with about a minute to play was the decided, giving them a 93-89 lead. Walt Frazier got the Knicks back within a basket moments later and the flashy guard, using center Willis Reed as a shield, was supposed to shoot for the equalizer when they got the ball with 11 seconds to play.

But the Baltimore defense stiffened and Frazier was forced to pass to Bill Bradley, whose 15-footer was tipped by Wes Unseld and fell short.

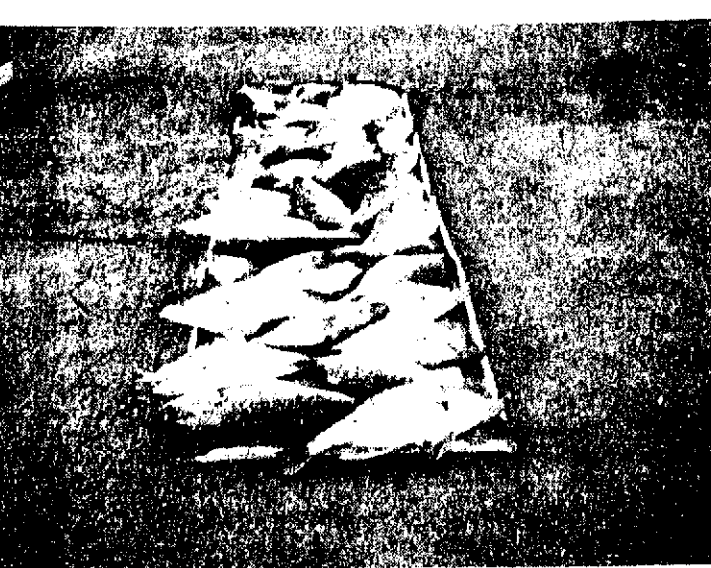

"I'm realizing it slowly, but it'll be a few days before I really feel it," Frazier said. "But the hard part comes when I have to watch the championship series on television."

Squires Win Over Colonels in Playoff

LOUISVILLE, Ky. (AP) — For a while, it didn't look like either the Virginia Squires or the Kentucky Colonels would have five men around to finish the third game in their best-of-seven American Basketball Association Eastern Division final playoffs.

By halftime Monday night, Virginia had a total of 25 fouls and had four men—including starters Doug Moe, George Carter, and Ray Scott—with four fouls each. Kentucky had 21 fouls, including four each on starters Dan Issel and Jim Ligon and five on reserve Les Hunter.

But Virginia managed to keep more of its top men in the lineup—and emerged a 150-137 victor in a game that saw a total of 80 fouls—a new ABA playoff record.

Ray and Charlie Scott each gunned in 30 points as the Squires, division champions during the regular season, took a 2-1 lead heading into Wednesday night's fourth game here.

The fifth game will be held Friday at Hampton, Va. The sixth, if necessary, here Saturday and a seventh at Roanoke, Va., next Tuesday.

Charlie Scott got the clutch points for the Squires in their victory. With the score tied at 120-all with 5:32 to play, Scott hit a three-point field goal, stole the inbounds pass for another basket, and hit two free throws—all within 30 seconds.

Kentucky never got closer than five points after that.

Issel, who had scored 78 points in the first two playoff games, hit 16 in the first quarter but saw less than 10 minutes of action the rest of the way and fouled out with 3:40 to play.

He led Kentucky with 27 points, while Hunter had 24. In all, seven players fouled out—four Colonels and three Squires.

Some Notes From Pro Golf Trail

By BOB GREEN
Associated Press Golf Writer
RANCHO LA COSTA, Calif. (AP) — Notes from pro golf tournament trail:

Lee Trevino, who has correctly predicted the winner in two of the last three United States Open championships (himself in 1968 and Orville Moody in 1969) has made his annual pick:

"I'm picking Deane Beman this year," he said. "I haven't played the course (Merion, in Philadelphia) but I hear it's not too long."

"Beman's playing good and he's my pick."

Trevino, incidentally, is playing in the satellite Tallahassee Open this week, falling in his goal to make it into the Tournament of Champions.

Billy Casper, John Miller and Larry Hinson, among others, will make a promotion trip to Japan next week. They aren't supposed to play unless they get the permission of the sponsors of the Greater New Orleans Open.

And at last word the New Orleans sponsors were extremely reluctant to grant such a request.

Rives McBee, a five-year tour regular, now is a part-time tourist. McBee has taken a job as head pro at a club in his hometown, Irving, Tex.

"It's security," McBee said. "A good job. A relatively new club, and most of the Dallas Cowboys are members."

"I'll only play five or six tournaments a year."

The Houston-Champions International is an invitational event. Ten non-exempt players have been added to the restricted field.

Selected on a point system off their play this year were Dave Eichelberger, Jerry McGee, Dewitt Weaver, John Schlee, Hal Underwood, Fred Marti, Hubert Green, Paul Harney, Roy Pace and Lee Elder.

Winner of Masters Goes to Charlotte

CHARLOTTE, N.C. (AP) — Charles Coody, winner of the Masters golf tournament, has signed to play in the Kemper Open at Charlotte June 7-13.

John Miller, who finished in a tie for second in the Masters, also has entered.

Maumelle to Give Prize of \$25,000

LITTLE ROCK (AP) — Jess Odom, owner and developer of the Maumelle golf course near North Little Rock, said Monday that several bonuses would be offered in addition to the \$25,000 prize money in the Maumelle Open May 20-23.

Odom said the first pro to make a hole-in-one would receive a new car. Other prizes include \$250 for a course record, \$100 for the low round each day, \$150 for holing out from certain areas and \$15 for sinking a chip shot.

Odom said officials of the Professional Golfers Association had assured him of a full field of 144 golfers for the satellite event.

He said a team of PGA officials would visit the course the week before the tournament and decide on tees and pin placements. The course, which is less than two years old, measures more than 7,500 yards from the back tees.

Never Has Won North, South Meet

By KEN ALYTA
Associated Press Sports Writer
PINEHURST, N.C. (AP) — Connie Day, a long-hitting blonde charmer from Cleveland, Tenn., never has won the North and South Amateur Golf Tournament, although she usually gives a good account of herself.

She reached the semifinals of the 69-year-old classic the last two years, and for two years before that she was a finalist, losing one-up each time.

But that record was in danger today as she met five-time champion Barbara McIntire of Colorado Springs, Colo., in one of 16 first-round matches.

Connie, the secretary of a Tennessee legislator, qualified Monday with a creditable 77, three over women's par for the 5,900-yard shortened No. 2 course of the Pinehurst Country Club.

She was six shots behind medalist Carol Semple of Sewickley, Pa., but her score was the best turned in by any of the so-called "establishment", seasoned players who have more or less dominated the tournament for a decade.

While defending champion Hollis Stacey, 17-year-old Savannah, Ga., schoolgirl, was granted an exemption from the qualifying play, 69 challengers tested the course. Only Miss Semple, who graduated from Hollins College in Virginia last year, was able to master it.

Stewart Is Spark in Win by Travelers

BIRMINGHAM, Ala. (AP) — Leftfielder Charlie Stewart collected three hits, including a triple, to spark the Arkansas Travelers to a 7-3 victory over Birmingham Monday night.

The Travelers, now 3-4 for the season, trail division-leading Shreveport by two games.

Winning pitcher Tim Plodinec came on in the fourth inning and gave up only three hits. He relieved Ed Meredith who gave up six hits and three runs.

The Travelers broke a string of 15 consecutive scoreless innings with a five-run third to take control of the game.

Plodinec then came on and shut out the A's in the last five innings to earn his first decision of the year.

The only homer of the game was by Doug King of Birmingham.

In other Dixie Association action Monday night, Montgomery edged Charlotte 8-7, Dallas-Fort Worth downed San Antonio 4-2, Shreveport swatted Memphis 5-2, Jacksonville whipped Asheville 6-3, Columbus clobbered Savannah 12-2 and Amarillo at Albuquerque was rained out.

Pair Shares Rookie of Year in NBA

NEW YORK (AP) — Rugged Dave Cowens of the Boston Celtics and sharp-shooting Geoff Petrie of the Portland Trail Blazers shared Rookie of the Year honors today, the first such deadlock in the history of the National Basketball Association.

Cowens, a 6-foot-9 center who scored 17 points and grabbed 15 rebounds a game, and Petrie, a 6-4 guard with a 24.8 point a game average, each drew 36 votes in the balloting by sportswriters and sportscasters in the 17 league cities.

Third in the voting was the pre-season favorite, Pete Maravich of Atlanta, who drew 21

votes, while Calvin Murphy of San Diego had four and Bob Lanier of Detroit one.

Last year's winner was Lew Alcindor.

Boston, choosing fourth in the 1970 college draft, selected Cowens of Florida State on the first round. While the Celtics later hope to move the red-haired Cowens to forward, he did a good job at center and gave the Celtics the rebounding they badly needed. With him, they turned a 34-48 record in 1969-70 into a 44-38 mark last season.

Petrie of Princeton, Portland's top choice on the first round as the No. 8 pick, helped the expansion club win 29 games as he gunned in baskets from all over the floor.

Mississippi State Gets Past Porks

JONESBORO, Ark. (AP) — Mississippi State scored a run in the top of the eighth inning to squeeze past Arkansas State University 5-4 in a college baseball game here Monday.

The Indians jumped off to a 3-1 lead in the first, but Mississippi State went ahead 4-3 in the fourth. ASU tied it 4-4 in the bottom half of the inning, but the Bulldogs won it on an RBI single by Ted Milton.

Left-hander Mike Proffitt, who came on in relief in the seventh inning picked up the victory. Arkansas State reliever John Ferrell was saddled with the loss.

Oklahoma's Ray Signs With Bulls

CHICAGO (AP) — Clifford Ray, 6-foot-9½-inch, 220-pound center from the University of Oklahoma, was signed Monday by the Chicago Bulls.

Ray, the Bulls' second choice in the recent National Basketball Association draft, averaged 13.1 points and 12 rebounds in 27 games last season.

The Bulls signed their No. 1 pick, 6-7 Kenneth McIntosh of Eastern Michigan, last week.

Ruth Jessen Leads Lady Pro Golfers

ATLANTA (AP) — Ruth Jessen of Seattle, Wash., leads lady professional golfers in money winnings this year with \$10,000, followed by Sandra Palmer of Fort Worth, Tex., at \$7,113.

The Ladies Professional Golfers' Association placed Mary Mills of Handsboro, Miss., third with \$4,644 and Sandra Haynie of Dallas fourth with \$4,091.

The figures include last weekend's Raleigh Golf Classic at the Raleigh, N.C., Country Club, won by Kathy Whitworth of Dallas. She is in sixth place with \$3,432, just behind Judy Rankin of Midland, Tex., who has won \$3,787.

Pacers Just Going Out to Win It

SALT LAKE CITY (AP) — Indiana Coach Bob Leonard's strategy for tonight's American Basketball Association Western Division playoff game with the Utah Stars is simple.

"We're just going to go out and try to win it," he said Monday.

Utah gained a 2-1 edge in the best-of-seven series with a 128-107 victory Saturday in Salt Lake City and hopes to use its home court advantage to put the Pacers further in the hole tonight.

Leonard conceded "we'll really be in trouble" if Indiana loses tonight. But he wasn't willing to concede that a loss would mean the end of Indiana's playoff hopes.

"It takes four (victories)," he noted. "We've been down 3-1 before."

And Leonard said he plans no major changes.

"We played a bad ball game the other night," he said. "But after 15 games, the series is 8-7. So we'll just play our game."

Utah and Indiana split their 12 regular season games.

Utah Coach Bill Sharman

said he believes rebounding will continue to be the key to who wins.

The Stars dominated the boards throughout Saturday's game, even though 6-9 center Zelmo Beaty missed most of the game because of foul trouble.

Black Hawks' Situation Desperate

By JOE MOOSHIL

Associated Press Sports Writer
CHICAGO (AP) — Although it's only the second game of their best-of-seven semifinal Stanley Cup series with the New York Rangers, the Chicago Black Hawks find themselves in the desperate position of having to win Tuesday night.

The Rangers gained the upper hand Sunday night with a 2-1 overtime victory on Chicago ice and a second victory could pave the way to disaster for the Black Hawks.

Games No. 3 and 4 are slated for New York Thursday night and Sunday and the Rangers are not in the habit of losing at home. In fact, during the regular season they dropped only two decisions on their own ice—to Chicago and to Montreal.

"A must game?" mused Black Hawk Coach Billy Reay. "Nothing is really a must until the last game. But if we were to lose Tuesday night, we'd certainly be at a disadvantage."

"Remember, teams have lost the first three games and then turn it around to win four straight," said Reay. "But, of course, I'm not hoping for anything like that."

"I can't say I'm disappointed in the way we played Sunday night," he continued. "But I know we can play better. We were not consistent. We had lapses we shouldn't have had. And we had chances we should have taken advantage of."

"I'm not saying that layoff hurt us but I'm sure we'll be better with a game under our belt."

The Hawks won their quarterfinal series by sweeping Philadelphia in four straight games and hadn't played for a week while New York needed

32 in Field in River Oaks Invitational

HOUSTON (AP) — A field of 32 will start play this afternoon in the 37th annual River Oaks Invitational Tennis Tourney which carries a \$25,000 payday.

Top seeded for the tournament is Clark Graebner of New York City, who won the tournament last year.

Cliff Richey of San Angela, Tex., who lost to Graebner last year in the finals, is seeded second, Zeljko Franulovic of Yugoslavia is third seed and Mark Cox of Great Britain fourth.

Monday the 24 exempt players watched as 32 lesser lights competed for one of the right open spots in today's business.

Rice freshman Harold Solomon and senior three-year all-American Zan Guerry of Rice snagged two of the spots.

Trinity University's Paul Gerken, Steven Turner of Miami, Richard Russell of Jamaica, Steve Faulk of New Orleans, New Zealand's Onny Parum and Peter Van Ligen of Oral Roberts University were the other winners.

six games to eliminate Toronto. The players were glum following Sunday night's defeat and maybe the memory of last year was gnawing in their minds.

BUICK BARGAIN DAYS ARE HERE

Buick Bargain Days are saving days.

A bargain price on a stripped-down car is no bargain. But a Buick or Opel at a bargain is something else again. Because we're not selling some special stripped down model. We're selling Buicks and Opels, the same great cars we've sold all year.

With one difference. The deals have never been better. Which means that you can move out in a new Buick or Opel at a price that's hard to believe. When Buick talks about a bargain, we give you something to believe in.

Your Buick-Opel dealer will give you better reasons to buy a new car now than anybody else.

The business of auto safety.

Auto safety is everyone's concern. But it's our business. And we think the attention that's being paid to auto safety now is a good thing. Because it will result in better driving for everyone. And, frankly, better driving for everyone means better business for us. We say Buick is something to believe in. And we're trying to make it easy to be safely. Buick's safety features that work by themselves. And we're doing anything to make them work. Like side guard beams. And the way we design steering column. And the language that's on the

trunk and back seat. They start "working" even before you get in the car. But two safety features, two of the most vital, are worthless unless you do something first. Seat and shoulder belts. Unfastened they do nothing. And you've seen enough statistics to know what a difference they can make. So use them. But that's not all you can do. Because the most effective safety feature of all can't be added to our cars after they're built. That feature is you. And the way you drive. You should be defensively. And rested. And sober. And in the driver's seat. And together we can solve the safety problem once and for all. And that's how it's done.

**Manson Group
Formerly
Sentenced**

By LINDA DEUTSCH
Associated Press Writer
LOS ANGELES (AP) — A judge has formally sentenced Charles Manson and three women followers to die in the gas chamber for the Sharon Tate murders, and the chief defense attorney says the sentences are likely to be carried out.

Paul Fitzgerald, who argued Monday for reduction of the penalty on grounds that jurors were swayed by the current moratorium on executions, said it is invalid to assume that legalities will save the four from death.

There has not been an execution in the United States since 1967. State courts are waiting for a ruling from the U.S. Supreme Court on whether the death penalty is constitutional.

"Many legal observers feel that this Supreme Court will affirm the death penalty," Fitzgerald told newsmen.

"If that happens, he said, Manson and the women could be put to death along with more than 90 persons awaiting execution on San Quentin's Death Row.

Manson and the women, however, face automatic appeals which could delay their deaths as long as five years.

**Billie Sol Is
Again Asking
for Parole**

By MARK BROWN
Associated Press Writer
WASHINGTON (AP) — Billie Sol Estes, the one-time "outstanding young American" whose fictional fertilizer tanks earned him paper millions and a 15-year prison term, is making his second bid for parole.

Officials at the Federal Correctional Institute at La Tuna, Tex., home for Estes the past year, are preparing a report on the 46-year-old ex-wheeler-dealer for the U.S. Board of Parole.

Estes' case will be reviewed by the full eight-member board next Monday. The board turned down Estes' first bid for early release Jan. 30, 1970.

The former financial boy wonder of West Texas began serving his 15-year sentence for mail fraud and conspiracy more than six years ago.

Parole Board Chairman George J. Reed said Estes will not appear at the hearing but will be represented by his lawyers and members of his family.

Before his financial structure collapsed Estes had amassed a fortune on paper, and had influential friends in Washington and Wall Street.

Eleven years after he arrived in Pecos, Tex., to found a financial empire built on fertilizer, grain elevators, cotton allotments, a newspaper and a mortuary, Estes was arrested by federal agents March 29, 1962.

In 1963, he was convicted of getting farmers and others in an 11-county area to sign mortgages on nonexistent fertilizer tanks. Estes then sold the mortgages to finance companies for \$24 million.

But in those fabulous 11 years, however, Estes succeeded, as few other Bible-quoting country boys have, in his chosen field.

"Then there are the specially constructed props.

"Then there are the lighting director and the musical conductor.

"Then there are three special musicians.

"Then there is the rehearsal pianist and the rehearsal studio.

"Then there are traveling expenses—and all sorts of other things.

"All creative people are very expensive, and I try for the very best."

This is by no means all the new act will cost Miss Lane. She now has a payroll of eight persons—"not including hair-dressers and governesses for my children"—that runs between \$5,000 and \$7,000 weekly.

"It will probably cost another \$40,000 for new wardrobes and to periodically improve the material for the act," said Abbe

The Madrigal Singers of Hope High School presented a program of songs at the Hope Rotary Club meeting on Friday, April 16 at the Town and Country. Under the direction of Miss Juanita Nicholson and accompanied by Marynell Branch, pianist, the Madrigals sang a wide variety of selections ranging from old madrigal numbers to the modern "Going Out of My Head."

Dressed in red polk-dotted dresses, the 10 singers were at the club through arrangements

of program chairman, James H. Jones. The urgent financial need of the schools was once more explained by Rotarian Jones, Superintendent of Schools, who stressed the importance of the equalization of property assessment to meet the need in a way that is fair to all. Rotarian Sam W. Strong gave wholehearted support to the Jones statement.

President C.R. "Dick" Moore had charge of the meeting and welcomed the visiting performers and one other guest, Linda Wray.

grimacing.

Why does a star of Miss Lane's stature take such financial risks on her own when she has plenty of engagements to keep her busy and solvent?

"You can't just pick a few songs and stand up and stand up and sing them," she said. "That won't get you anywhere now. You have to give the people a new show, a real show, for their money."

**Florida Loses
Green Acres
to Fires**

FORT LAUDERDALE, Fla. (AP) — Fires that have blackened a half-million acres of parched Florida grasslands have prompted forestry officials impatient with nature to import a man-made rain machine.

The machine is a twin-engine C1215, an amphibious, water-bombing airplane, on loan from Canada. It was ready to make passes today at a nine-mile string of fires in the Everglades.

Robert Miller, district forester of the Florida Division of Forestry, said the rainmaker was an experiment in dousing smoldering much fires that persistently ignite blazes on the dry grasslands.

Skimming Lake Okeechobee at 75 miles per hour, the plane will scoop up water to fill two 700-gallon tanks with two snorkel devices that are lowered as the plane flies overhead.

Pressure forces the water into the tanks and the plane flies 40 feet above the fire to drop its pay load, bomb bay fashion, on the flames, Miller said.

"The water comes down like a real dense rain and breaks into a cloud-like pattern," Miller said. "But there is enough force to knock you down."

Good performances in the next several days of trial runs could result in a permanent job for the rainmaker, Miller added.

In the Everglades, 366 fires charred 217,000 acres from Jan. 1 to April 11. Statewide, 6,292 blazes have claimed 450,000 acres of grass and timberlands, Miller said.

Mop-up operations were still under way two weeks after a 50,000-acre fire raged in northern Dade County near Everglade National Park. Troops from Homestead Air Force Base joined forestry rangers in fighting the blaze.

A 23,000-acre woods fire northwest of the park in Mon-

roe County has burned untended for more than 10 days.

Doctors reported a rapidly increasing number of respiratory disease cases as fires continued to spew dark smoke into southern Florida's Gold Coast area.

Dade County health officials said recent air pollution counts have reached the danger level, even for healthy individuals.

Twelve of 25 patients who visit the Dade-Monroe County Tuberculosis and Respiratory Disease Association for breathing exercises can't attend any longer because they can't leave the safety of their air conditioned homes, a spokesman said.

**Says School
Practice Is
Questionable**

NORTH LITTLE ROCK (AP) — State Education Commissioner A. W. Ford said Monday that it was a "questionable practice" for the legislature to require local school districts to provide teacher benefits without passing legislation for additional revenues.

Ford made the remark in reference to a bill passed this year by the legislature that required districts to provide teachers with at least six days of sick leave each year at full pay with teachers being allowed to accumulate up to 30 days sick leave.

In a speech to the North Little Rock Kiwanis Club, Ford commended the legislature, which formally adjourned Monday, as the most "progressive in recent times," but added that the legislators may have acted too hastily on the sick-leave bill.

The commissioner said the bill was passed as a result of pressure exerted by teachers. "Unfortunately, they (legislators) did not go into the budget problems," Ford said. "I think this is a very questionable practice ... and somebody will have to give it some realistic fiscal review at the proper time."

Ford said the districts might go "a year or two" without

**TEACHERS AND
(from page one)**

assessments although there has been no progress made with county officials who hold the key to such a program. In fact the County Assessor, Carter Sutton, has flatly rejected the proposal; if the reassessment program fails another millage increase will be offered to the public next March.

Thus the action taken last night places the situation squarely in hands of the public which has three choices—a reassessment program, a millage increase or a second rate school system.

Mrs. Marion Robertson, president of the Teachers Association, emphasized the requests made by the organization were not designed to put anyone on the spot but to make the public aware of the situation. She pointed out that the average teacher salary in Hope is almost \$500 less than the state average. She stressed the move was not to harm but to benefit the school system.

She promised the full cooperation of all teachers in putting over a revenue raising program of some kind.

AEA Representative Kenneth Harrison recommended the 8-month plan to the Board as a means of getting all the public involved. He cited similar situations in El Dorado and Benton and both worked out their difficulties.

Thus as it now stands unless something unforeseen comes up there will be an 8-month school term here next year.

The Board resolution follows:

MOTION

That due to public apathy and the outright refusal on the part of citizens and elected officials to admit and meet the immediate and overwhelming need of Hope School District No. 1A for additional funds for the school year 1971-72 and thereafter to maintain quality education and a fair and comparable teacher salary scale, this District is without funds with which to realize what the bill will cost, but eventually there may be a significant cost to the districts.

**Little Rock to
Get an Ozark
Region Grant**

LITTLE ROCK (AP) — Gov. Dale Bumpers said Monday night that the Ozarks Regional Commission was looking favorably toward providing a \$600,000 grant to Little Rock for the proposed convention center.

The \$600,000 would be 30 per cent of the \$2 million needed to renovate Robinson Auditorium into the proposed center.

Bumpers said the proposed center would produce a significant increase in tourism in the state. He added the rest of the state's tourism potential was great and could be increased by developing state parks.

The governor, in a speech to the Little Rock Unlimited Progress, said tourism provided a greater per capita income than manufacturing, and if raised, would also provide more money for the state government to continue making improvements.

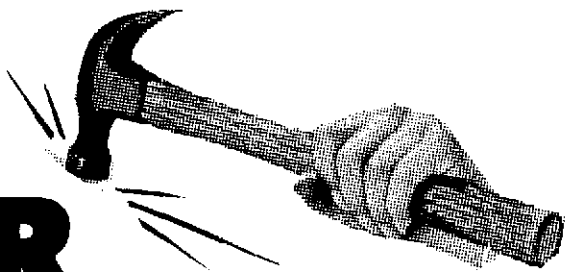

operate a quality system for the nine month coming term; we therefore adopt in substance the proposals of the H.E.A. resolution of April 15, 1971, and hereby submit teacher contracts for an eight months period, provided, however, that all teachers agree to teach a ninth month if a significant increase in long term local support should manifest itself prior to the end of the contract term.

Miss Delores McBride invites you to a series of gospel meeting at the Hope Church of Christ this week at 7:30 p.m. Bro. Carl Maples of Kingston, Jamaica is the guest preacher.
